LEGACY OF TRUST: CELEBRATING 85 YEARS

This momentous occasion is a time to reflect on our shared journey, express our gratitude, and honor the community that has been at the heart of everything we do. In 1940, Boulder City was a growing town with a big problem—banking meant a long, dusty drive on unpaved roads to Las Vegas. Inspired to find a solution, a small group of neighbors brought a bold idea: create a credit union that served their community's unique needs. With less than \$100, they laid the foundation for what would become Boulder Dam Credit Union. What started as a leap of faith has grown into a trusted financial partner for thousands, built on the values of collaboration, service, and care for our neighbors.

Our focus will always be you, our members. From Moola Moola to the High School Money class, buying your first car or first home, funding a growing family, starting a small business, saving for retirement, or wrapping up your family's estate, we want to be a part of your life.

For 85 years, we've been proud to serve you, and to be a part of the fabric of Boulder City. Here's to the past, present, and future – and to all the amazing things we'll continue to achieve together.

NATIONAL CREDIT UNION YOUTH MONTH

April is National Credit Union Youth Month and our goal at Boulder Dam Credit Union is to inspire our young members to learn the importance of saving. Together, we're encouraging young members to set a financial path early in life to develop solid saving goals for their future. Youth Month presents an opportunity to celebrate the spirit of the credit union movement with our younger members. Our youth savings program, Moola Moola, not only encourages the development of savings habits at a formative age, but also has the potential to promote economic inclusion for entire families.

After all, we are people helping people build their futures and realize their dreams.

As a reminder, the Moola Moola branch is open before school each week. Wednesdays at Martha P. King Elementary, and Thursdays at Andrew J. Mitchell Elementary and Grace Christian Academy.

SPOOFING SCAMS

Some of our members have recently received phone calls and texts from fraudsters posing as credit union employees. Fraudsters spoof the credit union phone number and use pieces of personally identifiable information to gain members' trust before stealing account funds. Credit Union members must stay alert to the latest attempts by scammers to access personal financial data.
